

OVERVIEW OF AMAZING GRACE AND RENTON PREPARATORY

World-class learning in a world-class city

A co-educational private day school with a grounding in the Christian faith, Amazing Grace serves Pre-Kindergarten through 5th grades and Renton Preparatory serves 6th through 10th grades with a special focus on “Running Start” Prep for early college entry in 11th grade. We enroll students from around the world who seek a college-preparatory education. Both schools are approved by Washington State.

Serving over 250 students, we have two school divisions on two campuses. The Elementary School (Pre-K through 5th Grade is located in Southeast Seattle while the Middle and High Schools are located in downtown Renton (3.9 miles away from the Seattle campus).

Founded in 1962 we seek to develop an educational community that lives out the words of our Mission Statement: We equip students to become creative, competent, and confident Christian contributors to the global community.

We provide educational excellence with a difference. We focus on developing the whole child and are committed to nurturing each and every child to achieve his or her full potential. We are dedicated to offering the best in academic excellence to ensure a solid foundation for a university education and living a life of significance and influence.

Admission qualifications are selective rather than competitive. Students must demonstrate English language competency and provide an academic record showing ability to succeed in a rigorous college- preparatory environment. We also are committed to continually expand the cultural diversity of the school; our students now come from over 26 nations.
